

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## Preface.

---

THE manuscript from which the present Volume is printed is numbered 1166 in the Harleian Collection in the British Museum. It is, without doubt, the *original* record of the Visitation of Dorsetshire, made in the year 1623 by HENRY ST. GEORGE, Richmond Herald, and SAMPSON LENNAED, Bluemantle Pursuivant; the pedigrees are in their handwritings, and the heads of most of the families visited have attached their signatures to their respective pedigrees.\* These Heralds have also made trickings of the seals of the towns of Poole, Weymouth and Melcombe Regis, Bridport, and Dorchester, as well as of the seals of several private persons. But the trickings of arms, which are for the most part in pencil, are supposed to be the work of HENRY PARKER, an arms-painter, whose handwriting appears in various places in the manuscript.†

The production of this Volume completes the series of Visitations of the Western Counties made by the same Officers of Arms in the years 1620 to 1623; those of Devon, Cornwall, and Somerset have already appeared in the Publications of the HARLEIAN SOCIETY, and the 'Visitation of Wiltshire' was published by Dr. MARSHALL in 1882.‡

Regarding the editing of the Volume, it may be well to mention that, although the aim of the Editor has been to give, as nearly as

\* The signatures are reproduced in Plates IV.—IX., tracings from the originals having been made by permission of E. MAUNDE THOMPSON, Esq., of the British Museum, to whom the Editor desires to tender his thanks.

† 'Catalogue of the Harleian MSS. in the British Museum,' folio, 1808, vol. i., p. 570. The Preface to this volume of the Catalogue is dated 24 December 1762.

possible, an exact reproduction of the original text, he has thought it would be more convenient to re-arrange the pedigrees in alphabetical order, and to place the notes of the towns and the list of Disclaimers together at the beginning of the book. The trickings of arms have necessarily been rendered in blazon; additions made to the pedigrees, in later handwriting, are printed in *italic type*; the few notes made by the Editor are separated from the text by brackets; and, to insure accuracy, he has corrected the printed sheets by the original manuscript.
